I am enthusiastic about the Software Engineer position, ready to apply the skills I've gained in Software Engineering to real-world challenges. I'm seeking a forward-thinking company that values innovation and offers a platform for me to showcase my abilities. As someone who thrives on collaborating with a team to tackle problems and find solutions that elevate our projects, my focus is on continuous learning, coding proficiency, and injecting passion into our team's endeavors. If you're looking for someone ready to embrace technical challenges and add value to your team, I'm the right fit!

EDUCATION

Bachelor of Technology (Computer Science and Engineering)
Guru Gobind Singh Indraprastha University, Delhi .

2019 - 2023   (8.9 cgpa)
